Rising Stars

UNSW Computer Science & Engineering
2019 Prizes
The School of Computer Science and Engineering is an incredible place of advanced academic learning and creative research. The School prides itself in producing exceptional graduates who are sought after both locally and globally.

We know that the students receiving these awards have a very bright future ahead of them. UNSW Engineering and the School of Computer Science and Engineering has the highest entry standards in Australia and the students we are recognising tonight are therefore among the brightest of the brightest...

Please join me in congratulating all of our award winners for their brilliance, patience and hard work, and we look forward to seeing them build on their achievements!
