Advanced standing or exemption needs to be finalised prior to commencing your first semester of study. The CSE outline on Advanced Standing, Exemption and Substitutions can be found here:

http://www.cse.unsw.edu.au/postgrad/coursework/advstanding.html

IT IS NOT POSSIBLE TO APPLY FOR ADVANCED STANDING OR EXEMPTION IF THE COURSE HAS BEEN ATTEMPTED ALREADY.

This application form should be used only by students seeking exemption or advanced standing from some or all of the courses listed on page 2, as part of the MIT or GradDip IT programs. Students applying for exemption or advanced standing will be required to go through an exemption exam process at UNSW while those with a strong background in computing who need to finalise their program duration before arriving at UNSW may be eligible to sit an online self-assessment.

A certified copy of your transcript of results from previous study should be attached prior to submission of the application. Indicate the basis for which you are seeking exemption or advanced standing on page 2. If you are seeking exemption or advanced standing on the basis of work experience, you should provide a written statement outlining how your work experience has provided you with knowledge equivalent to that gained by a student studying the subject area at university.

Students can expect one of two outcomes from this application, depending on their qualifications:

Path 1: Self Assessment
Students that need credit finalised before arriving at UNSW and who are assessed by the School of CSE as having a strong background in computing will normally have a bachelors degree in computing with a breadth and depth of computer science and engineering topics covered over a three or four year degree (equivalent full-time load).

These students will be given access to a secure online self-assessment website, where they can test their knowledge through short answer questions and problems. A login and password will be emailed to the address provided below within 2 working days of the application being received.

Once satisfied that their knowledge of the topics covered is current and satisfactory, the student should contact the CSE Student Office confirming that they wish to proceed with the application for exemption or advanced standing from some or all of the courses and the application will be processed according to the students’ wishes for exemption or advanced standing as outlined in this application.

Path 2: Exemption Exam
Students assessed by the School of CSE as having a limited background in computing will normally have a bachelors degree in a discipline other than computing and will have covered a narrow selection of topics over a three or four year degree (equivalent full-time load).

These students will be directed to complete a short preliminary assessment for each relevant course and, if successful, be given the opportunity to sit a version of the final exam for the course to demonstrate their knowledge to the satisfaction of the Postgraduate Coordinator. Exams are held in the week prior to semester commencing and again, if necessary, at the end of Week One.

Once the Postgraduate Coordinator is satisfied with the students demonstration of their knowledge, the application will be automatically processed according to the students’ wishes for exemption or advanced standing as outlined in this application.

THIS APPLICATION MAY BE CANCELLED AT ANY TIME

The School of CSE reserves the right to accept or reject students for exemption or advanced standing on any basis deemed appropriate.

SECTION 1 – STUDENT INFORMATION and DECLARATION

UNSW STUDENT NUMBER:

FAMILY NAME: PROGRAM:

FIRST NAME/S: DATE OF BIRTH:

CONTACT NUMBER: EMAIL ADDRESS:

APPLICANT COMMENTS:

Have you already been granted advanced standing for courses other than those listed in this application?  

☐ No  ☐ Yes. Please specify:

By signing this application you acknowledge that you:

• are aware that it is not possible to receive advanced standing for more than 50% of any postgraduate program at UNSW;
• have sufficient knowledge of the subject area(s) for which you are seeking exemption or advanced standing;
• take full responsibility for enrolling in higher level courses that use the exempt course as a pre/co-requisite;
• agree to consult the School if you are at all unsure about your ability to complete a course in these circumstances;
• understand the UNSW deadlines for withdrawal without financial and academic penalty;
• will accept the determination of the School in the outcome of this application as being in the best interest of all students in CSE.

SECTION 2 – LIST COURSES

ARE YOU SEEKING: □ EXEMPTION and/or □ ADVANCED STANDING
(tick one or both)

Does not reduce the program duration. For use in the waiving of pre-requisites.

Transfer credit. Reduces the overall duration of the program. Is also used in the waiving of pre-requisites.

If you are seeking a combination of exemption and advanced standing, please specify the total unit of credit you wish to reduce your program by: ___________________________

(between 6uc and 48uc)

The courses credited first will be those most commonly used as pre-requisites by myUNSW to avoid manual enrolment by the CSE Student Office.

Where the basis for exemption or advanced standing is work experience, please attach a separate document and submit with your application.

SECTION 3 – CSE STUDENT OFFICE USE ONLY

CSE Student Admin: Ensure the following documents are attached before Postgraduate Coordinator review:

STAGE 1: Submission
☐ previous academic transcript
☐ myUNSW transcript (for existing students)
☐ written statement on work experience (where appropriate)

STAGE 2: Approval
☐ An email confirmation from student to proceed (Self-Assessment)
☐ Exemption exam results

POSTGRADUATE COORDINATOR REVIEW

Does the student already have advanced standing in this program? ☐ YES ☐ NO
