

# Faculty of Engineering Industry Fellowships

## Application form

### Application procedure

Applicants need to establish a relationship with a UNSW Engineering researcher, identify areas of mutual research interest and develop an application together. Successful applicants are also formally conferred an academic title as a Visiting Fellow.

Applications should be made to the Associate Dean (Industry and Innovation) ([ian.gibson@unsw.edu.au](mailto:ian.gibson@unsw.edu.au)).

The following documents should be emailed by the proposed UNSW Engineering host school or Research Centre:

1. This form
2. A proposal detailing the research to be undertaken under the following headings:
  - Outline of activities and expected outcomes
  - Schedule of proposed visit
  - Details of previous visits to UNSW, if any
3. Applicant's CV
4. Letter of support from the applicant's employer
5. Completed HR20 form

CV:	HR20 form:

### Selection criteria

- Professional standing of the applicant
- Academic standing of the host UNSW partner(s)
- Outcomes of previous hosting, if relevant
- Financial commitment of the applicant's employer, noting that the cost of the research will need to be covered by external funding
- Likelihood of success of the proposed research and ongoing relationship and collaboration
