Welcome to UNSW Australia

A degree at UNSW is an experience second to none. We combine state-of-the-art facilities and teaching delivered by academics recognised as world leaders in their fields, with rigorous academic standards and a strong emphasis on preparing our students for future career success.

At 67 years of age, UNSW is no longer young in years but it remains young in spirit. We are committed to challenging traditional thinking, pushing boundaries, and giving researchers and students the opportunity to realise their potential. We take great pride in our students, both past and present, who make UNSW a truly great university.

Developed in 2015, the UNSW 2025 strategy sees UNSW working over the next decade to cement our position as ‘Australia’s Global University’. The strategy outlines our commitment to excellence in teaching and research, our passion for social engagement and our commitment to impacting the world.

UNSW has the potential to achieve great things in the course of the next decade and it is people, like you, who will make the difference.

We hope you choose our community and that your journey is a successful one.

/ISB 2015

LEADING INNOVATION

Biggest student startup program in Australia. (562 programs supported since 2014)

/Medical Research Council, 2013

MORE ENTREPRENEURS

UNSW has produced more technology entrepreneurs over the past 15 years than any other Australian university.

/ CrunchBase, 2013

NO.1 FOR GRADUATE

EMPLOYABILITY

UNSW is the top performing university in NSW for graduate employability – and one of only four Australian universities to make the top 100 global ranking.

/Global Employability University Ranking, 2014

HIGHEST RESEARCH

FUNDING

We outperformed every other Australian university to receive $46.3 million for industry-based collaborative research projects from the Australian Research Council (ARC) – the highest level of funding compared to any other university in Australia in 2010.

/Global Employability University Ranking, 2014

OFFERING 20 OF

THE WORLD’S TOP 50 SUBJECTS

with Accounting & Finance and Law in the top 1.3.

/QS World University Rankings, 2016

TOP EARNER

UNSW undergraduates and postgraduates are in the top 1.3% for starting salaries and earn the highest median starting salary of any university in NSW.

/ Australian Graduate Survey 2012

WE OUTPERFORMED OTHER AUSTRALIAN UNIVERSITIES TO RECEIVE $46.3 MILLION FOR INDUSTRY-BASED COLLABORATIVE RESEARCH PROJECTS FROM THE AUSTRALIAN RESEARCH COUNCIL (ARC) — THE HIGHEST LEVEL OF FUNDING COMPARED TO ANY OTHER UNIVERSITY IN AUSTRALIA IN 2010.

/Global Employability University Ranking, 2014

LEADERS IN

EDUCATION

UNSW is a founding member of the prestigious Group of Eight (Go8), and the PLuS Alliance, and we are a member of the Association of Pacific Rim Universities (APRU) and Universitas21.

We were also the only Australian university invited to join the Global Alliance of Technological Universities.
Modern campus in an ideal location
Join our global alumni network

UNSW is where international success gets a head start.

We blend theory with practice to prepare you for success in the real world. Our industry-connected teachers bring employers into the classroom to give you firsthand experience. *Linkedin data
We transform clever ideas and research discoveries into successful innovations to benefit society, the economy and future generations.

Innovate and change the world

We conduct research across a wide range of areas. We invest considerable resources in areas where we believe we can make the biggest difference such as:

- **Solar power (photovoltaics).** We hold the world record for the conversion efficiency of a silicon solar cell and we are home to the world’s fastest solar powered car.
- **Clean drinking water.** We created membrane filtration technology to filter water that is now used in taps around the world.
- **The bionic eye.** We successfully trialled a bionic eye system that is a world first in terms of neural stimulation and clarity of vision.
- **HIV/AIDS.** Since diagnosing Australia’s first case of HIV, we have been involved in the development of every existing antiretroviral HIV drug.
- **The world’s largest computer.** Using silicon, we are building the world’s largest supercomputer.

Supporting entrepreneurs
UNSW Innovations offers free services to guide and connect entrepreneurial students and alumni to develop a sustainable business model for their innovative ideas.

innovations.unsw.edu.au

New innovation hub
The first of its kind in Australian universities, the Michael Crouch Innovation Centre (MCIC) is where students can design, experiment and build their ideas with guidance from visionaries, corporate partners and the MCIC team.

mcic.unsw.edu.au

Creating a better world
As part of our UNSW 2025 vision, we are establishing a Global Development Network and partnering with universities to improve the lives of some of the most disadvantaged communities in Asia, Africa and the Pacific. In partnership, we will achieve greater progress for those in need.

One of the country’s largest research communities with over 4,300 dedicated research students.

We are establishing a UNSW Innovation Precinct to bring together industry, entrepreneurs, investors and policy makers from around the world to link all the steps in the innovation-research-development-translation value chain.

12 Australian Research Council centres of excellence.

Founding partner of ATP Innovations, the world’s no.1 technology incubator (International Business Innovation Association 2014).
Study in one of the world’s best cities

The business capital of Australia

Sydney is home to more global firms than any other Australian city. A gateway to Asian economies, the city attracts great minds and offers an ideal climate, a relaxed outdoor lifestyle and friendly locals. It’s no wonder it was voted the 10th best city in the world to live and work.*

*Mercer Quality of Living Survey 2016
Student friendly
Sydney is home to a diverse and cosmopolitan society. The city was ranked the 4th best student city in the world, winning extra points for quality of life (QS Best Student Cities 2015). The food and coffee are pretty good too.

Love Sydney for less
There are endless indoor and outdoor activities to enjoy in Sydney at affordable prices. Visit free art galleries, watch a movie at the local cinema, set off on a coastal walk, enjoy a barbeque in the park, go snorkeling or surfing at the beach, or grab a cheap lunch or dinner in our neighbouring suburbs.

Surrounding areas
UNSW is located in the leafy Eastern Suburbs, minutes away from Coogee Beach and Centennial Park. The surrounding suburbs of Kingsford and Randwick are full of affordable cafés and restaurants offering an impressive range of international cuisine, reflecting the area’s diversity.

Outside of Sydney
Hop on a train to the Blue Mountains for some fresh air, go north or south along the coast for quiet and stunning beaches, or head inland for Australian rural life. And you can always hop on a plane to Melbourne, the Gold Coast, New Zealand or Bali just like the locals.

Supercharge your career potential

Our extensive career development services and events will enhance your workplace and career skills.

UNSW Careers and Employment

Employers seek well-rounded graduates who can demonstrate relevant studies, work experience and extra-curricular involvement. Our dedicated Careers and Employment team assists students in gaining practical workplace skills, obtaining professional experience and developing a career plan. At any time during your degree, you can attend free seminars, access online resources or book a one-on-one appointment with a careers consultant. You’ll also have access to the Careers and Employment Office up to 18 months after completing your degree.

careers.unsw.edu.au

UNSW China Office

The UNSW China-based office is committed to ensuring excellent graduate employment opportunities for students. The China team actively maintains working partnerships with leading Australian, Chinese and multinational companies to identify the latest industry trends and opportunities relevant to our graduates.

china.unsw.edu.au

Professional Development Program for International Students

As a student you can take advantage of a professional development program tailored to give a hands-on experience in a professional workplace. It includes a three-day seminar covering topics such as business communication, employer expectations and recruitment processes. You’re also offered the opportunity to complete a 50-hour internship in offices located all over UNSW.

• Get hands-on experience and confidence in a professional setting
• Improve your job application and interview skills
• Gain knowledge of employer expectations in the Australian workplace
• Enhance your business communication and business writing skills

student.unsw.edu.au/pdp

Univative

Univative is an inter-university consulting competition designed to enhance students’ employability skills by placing them in a real-life teamwork project with limited time and resources. Competing against other universities to solve actual business problems, students learn how to engage with real organisations and work with team members from differing backgrounds.

• Develop practical skills including business consulting, team work, problem-solving, presenting, research, creative thinking and report writing
• Gain an understanding of real-world business practices within a particular industry or field
• Enhance your résumé (curriculum vitae) with valuable business experience and achievements
• Expand your network of industry professionals, contacts, and new friends and colleagues

student.unsw.edu.au/univative-competition

International Students Careers Week

A week of seminars, panels and online events highlights the global opportunities available to international students. You can meet with international employers, create beneficial networks and learn valuable recruitment tips from employers and alumni.

student.unsw.edu.au/careers-week

Careers Expo

Held twice a year, our Careers Expo is a chance for students to meet and discuss potential employment and internship opportunities with over 100 participating employers, including BHP Billiton, Chevron, Commonwealth Bank of Australia, Deloitte, HSBC, Microsoft, IBM Australia and many more.

student.unsw.edu.au/expos
Experience life on campus

UNSW offers a village atmosphere that will make you feel right at home.

Campus facilities
UNSW Kensington campus has everything you need including over 40 cafés and restaurants, two banks, four ATMs, a post office, a supermarket, a food cooperative, a pharmacy, a dentist, two libraries, a fitness and aquatic centre, and sports fields and courts.

Study areas
Work on your assignments at one of our many indoor computer labs or outdoor study areas complete with power outlets to charge your devices. Stay connected to family and friends with free Wi-Fi throughout the campus.

Clubs and societies
Choose from over 250 student-led clubs and societies covering an immense range of hobbies, and cultural and social activities.

Student association
Arc is our student association, run by students for students. Find out about parties and events, or get discounts from partner organisations, free legal advice, and assistance with finding a part-time job or volunteer work.

Language and conversation skills
Improve your language skills by participating in one of our many programs or discussion groups on campus. You can also get matched with a partner to share your language while learning another.

Religious centre
Our interfaith religious centre is for all UNSW students. Chaplains conduct services and studies, and offer spiritual counselling. The Islamic Society has an Imam in attendance with meeting and prayer rooms available.

Staying safe
To maintain our safe and enjoyable study environment, our security service provides a 24-hour comprehensive presence across the campus. Our StaySafe@UNSW free app provides tips, contacts, a newsfeed, allows you to track the night bus and much more.

international.unsw.edu.au/life-at-unsw
Get friendly and helpful support

Our students tell us we are one of the friendliest universities in Australia with a host of support services you can rely on.

**Arrival support**
From picking you up from the airport, running new arrival workshops and taking you on campus tours, our dedicated International Student Welcome Centre will make sure you feel oriented, safe and well connected.

**Student Development International**
Student Development International (SDI) is the first point of contact for international students. Our International Student Advisors are always here to help you with personalised advice and information about all aspects of your university life, your student visa, your wellbeing and academic performance. UNSW has a range of support and development services available to assist you from the time you arrive through to graduation.

**Academic support**
As a UNSW student, you will get access to free online resources, academic skills workshops, individual consultations with peer writing assistants, exam preparation tips and much more.

**Cultural mentors**
New students can apply to be matched with a Cultural Mentor prior to their arrival in Australia. The program introduces new international students to a senior student mentor who is available to answer questions about learning at UNSW or living in Sydney. On arrival new students can meet the Cultural Mentors to learn about Australian culture, customs and being a student at UNSW.

**Peer mentors**
You can also be matched with a peer mentor. This is a senior student from your faculty who can provide you with faculty advice and tips on how to adjust to student life in your chosen field.

Live in award-winning accommodation

UNSW is the largest provider of student housing in Sydney with award-winning accommodation on and off campus. Live within walking distance of your lecture halls, meet people from around the world and make lifelong friends. Alternatively, find your own home in the neighbouring eastern suburbs or by the beach.

Accommodation at UNSW

Colleges
Colleges provide a choice of full board, partly catered and self-catered style accommodation. There is also a range of gender options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher and vegetarian.

Apartments
Apartments offer independent-style living for undergraduates, postgraduates, couples and families with children. There are apartments available on and off campus and costs vary depending on the number of rooms and the location.

University accommodation should be organised in advance as places book up quickly. Apply for UNSW accommodation at housing.unsw.edu.au

Private accommodation options

Rental property
There are many private rental properties available in the suburbs surrounding UNSW. Costs vary according to the number of bedrooms, condition and location. When renting, you can expect to sign a 6 or 12-month lease and pay rent in advance plus a security deposit called a bond. Rental properties can come furnished or unfurnished and additional expenses like electricity, gas, telephone and Wi-Fi are typically not included in the rental price. Costs vary but usually range from A$150 – A$300 per student per week in a shared house or apartment.

Homestay (full board and room-only)
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in the private home of a family or single person plus breakfast and dinner. Some may also include bed linen, a laundry service and weekly room cleaning. Single room-only homestays include a furnished room, and gas and electricity expenses included in the rental price. You will be responsible for providing your own food, cooking, cleaning, and laundry and telephone costs. Costs vary but usually range from A$180 – A$300 per student per week.

Search our database of locally listed private properties at studystays.unsw.edu.au

Temporary accommodation
If you haven’t confirmed your university accommodation before you arrive, we recommend you allow three to four weeks before classes begin to look for private housing, settle in and attend orientation sessions. Be sure to book short-term accommodation first, then look for long-term options in person. This can include private hotels, motels, hostels, lodges or furnished apartments ranging from A$45 to A$300 per day.

Private student housing assistance
Our International Student Housing Assistance team (ISHA) can help you look for temporary or private accommodation if UNSW accommodation isn’t available when you apply. This helpful service is available at the start of each semester. student.unsw.edu.au/housing-assistance

Under 18s
Arrangements must be made for students under 18 years of age. These requirements are in line with Australian Government regulations for the care and welfare of international students under 18. student.unsw.edu.au/visa18
Accommodation costs are subject to change and are indicative only.

The teaching quality at UNSW is excellent. Some of my lecturers are academic researchers and some are art industry professionals working within Sydney’s art community. I was inspired by one guest lecturer who is very active in identifying and promoting emerging contemporary Aboriginal artists.

UNSW Arts & Social Sciences provides a licence to explore big ideas, new perspectives and critical social issues with Australia’s sharpest minds.

Bolstered by modern and intellectually adventurous, we combine time-honoured traditions of scholarship with progressive, fresh ways of thinking to inform social change for current and future generations and tackle age-old philosophical questions in a new light.

One of the most academically energetic and socially engaged faculties of our kind in the Southern Hemisphere, our high quality teaching and enviable international research position demonstrates the enduring value of our interdisciplinary scholarship.

Top 50 in the world

In the 2015 QS World University Rankings by Faculty we are 21st in the world for Social Sciences and 41st for Arts & Humanities. We are also ranked 46th in the world for Social Sciences in the Times Higher Education World University Rankings 2014-2015.

Strong industry and cultural partnerships

UNSW is recognized as the Australian university with the strongest links to industry. Arts & Social Sciences linkages include government, agencies, professional bodies, cultural institutions, corporate and community organisations.

We partner with the Sydney Writers’ Festival, the Walkley Foundation for Journalists, the Sydney Film Festival and the Sydney Biennale with opportunities for you to intern, volunteer, and network with world class professionals.

Expert teaching

You’ll be taught by industry experts and world class scholars. In this environment, you will develop the capacity to make an informed engagement with pressing national and global issues. In a 2015 survey, 92% of UNSW Arts & Social Sciences International Postgraduate students rated our teaching as high quality.

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

This program is designed for qualified teachers and education students who wish to expand their career opportunities and enhance their professional development.

**DEVELOPMENT STUDIES**

**Master of Development Studies** (B642)

Program Duration: 1, 1.5 or 2 years

Entry: March and July

Estimated first tuition: A$23,780

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

In this program you will be given the analytical tools necessary to understand the complexities of the geopolitical, economic, social, cultural, and environmental contexts in which development takes place. You will be equipped with postgraduate skills which can be applied to a diverse array of development-related roles in government sectors, private and non-governmental organisations, international agencies, and other development and communication sectors.

**EDUCATION**

**Master of Education** (B691)

Program Duration: 1 year

Entry: March and July

Estimated first tuition: A$23,780

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

These programs are designed for qualified teachers and educators who wish to expand their career opportunities and enhance their professional development.

**Master of Education Leadership** (B681)

Program Duration: 1 year

Entry: March and July

Estimated first tuition: A$23,780

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

This program is designed for qualified or practicing educators seeking to advance their knowledge of the latest research that informs educational leadership practice. Graduates of our educational leadership program are equipped to lead education in schools from all sectors including: school systems (K-12), universities, early childhood institutions and other educational and training organisations.

**ENVIRONMENTAL MANAGEMENT**

**Master of Environmental Management** (B623)

Program Duration: 1 or 1.5 years

Entry: March and July

Estimated first tuition: A$23,780

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

In this program you will develop specialist knowledge and professional skills framed by interdisciplinary study of the social, cultural, economic, political, and technical context of environmental management. You will be equipped to lead the range of careers across environmental management, including roles in journalism and media, communication, and public relations.

**INTERNATIONAL RELATIONS**

**Master of International Relations** (B623)

Program Duration: 1, 1.5 or 2 years

Entry: March and July

Estimated first tuition: A$23,780

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

The degree gives you the skills and tools to work in environmental management. The program can be taken full-time or part-time, and is open to students from a wide range of disciplines and interests.

**JOURNALISM AND COMMUNICATION**

**Master of Journalism and Communication** (B623)

Program Duration: 1 or 1.5 years

Entry: March and July

Estimated first tuition: A$23,780

Minimum EITM requirements: 6.5 Overall, 6.0 in each band

In this program you will develop specialist knowledge and professional skills framed by interdisciplinary study of the social, cultural, economic, political, and technical context of environmental management. You will be equipped to lead the range of careers across environmental management, including roles in journalism and media, communication, and public relations.
PUBLIC POLICY AND GOVERNANCE
Master of Public Policy and Governance (8219)
Program Duration: 1.5 to 2 years
Entry: March and July
Estimated first year tuition: A$29,760
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

In this program you will gain a strong grounding in public policy analysis, policy evaluation and social research to prepare or advance your career as a policy maker, researcher and/or advocate. Our graduates are employed in government and non-government organisations, the business sector and private enterprise.

Entry requirements
Admission to the Master of Public Policy and Governance is based on relevant academic qualifications and professional experience. There are three durations of study:

2 Year Program (84 UOC)
• Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

1.5 Year Program (72 UOC)
• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

1 Year Program (48 UOC)
• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65% OR
• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65% AND
• Honours degree or Graduate Diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65% OR
• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
• Honours degree or Graduate Diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

DUAL AWARD PROGRAM
Combined Master of Arts and Social Sciences (8224)
Program Duration: 2 years
Entry: March and July
Estimated first year tuition: A$29,760
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

This program allows you to study a combination of two postgraduate programs offered at UNSW Arts & Social Sciences with one application and one CRICOS code (CRICOS code: 06334M, UNSW code: 8224). Study two professionally relevant and complementary degrees to set you apart from others.

Entry requirements
Students need to meet the requirements specific to the individual one-year program (8219) of the postgraduate chosen. Check specific entry requirements of individual programs.

Programs you can combine:
• Master of Applied Linguistics
• Master of Business Administration
• Master of Education (Literacy) can be combined
• Master of Educational Leadership
• Master of International Relations
• Master of Journalism and Communication
• Master of Public Policy and Governance
• Master of Public Affairs and Advertising
• Master of Translation
RESEARCH PROGRAMS

Master of Arts by Research (2353)
Program Duration: 1.5 – 2 years

The Graduate Diploma comprises six core courses within the Master of Urban Policy and Strategy totaling 36 UOC and 12 UOC electives.

RESEARCH

UNSW Built Environment offers a number of higher research degrees. The Master of Philosophy (MPH) is a research degree that includes a coursework component designed to help you develop research expertise in a particular area of study. The Masters by Research is a research degree that requires the completion of a substantial research project, but more limited in scope and nature than that required for a PhD. The Doctor of Philosophy (PhD) is a research degree providing opportunities for students to make an original and significant high-level contribution to knowledge in an area of built environment research.

Research areas:
Judith O’Callaghan
Director of Postgraduate Research
Judy.O@benv.unsw.edu.au

• Design – Architecture, Interior Architecture and Industrial Design
• Environment and Sustainability – Sustainable Development, Landscape Architecture and Architecture
• History and Theory – Architecture, Landscape Architecture, Interior Architecture, and Planning
• Property Development and Construction – Building and Construction Management, Real Estate, Sustainable Development, Property Development
• Urban Studies – Urban Planning, Urban Design, Urban Policy, Sustainable Development

Research clusters
Robert Freestone, Associate Dean Research
tfreestone@unsw.edu.au

The Faculty’s research clusters are cross-disciplinary coalitions of staff and postgraduate research students organised around identifiable and emerging research strengths. Through engagement on common projects, publications and workshops, they capitalise on the synergies of individual research interests.

• Urban Typologies
• People and place
• Design Research
• Emergent Digital Technologies

RESEARCH PROGRAMS

Master of Philosophy (2222)

We are ranked 38th in the world for Accounting and Finance by QS World University Rankings by Subject 2016

Entry requirements
A recognised Bachelor degree (or equivalent qualification) in business, commerce, accounting or information systems, with a credit average, as determined by UNSW Business School. Please consult the following website for further assessment criteria business.unsw.edu.au/pg

Professional recognition
The AGSM MBA is in AGSM@UNSW Business School’s next-generation online MBA. A unique online management degree that allows you to specialize, the MBA will prepare you to seize the opportunities in front of you and give you the edge you need to succeed.

Specialisations
• MBA (Technology)
• MBA (Social Impact)
• MBA (Change Management)

Entry requirements
There are two categories to the AGSM MBA program:

1. A strong undergraduate degree (or equivalent qualification) and a minimum of 2 years professional or managerial work experience.
2. At least 3 years of professional work experience.

Economics

Program Duration: 1 year
Entry: February and July
Estimated first year tuition: $45,360
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Master of Professional Accounting (Extension) (8441)

**Program Duration:** 2 years

**Entry:** February and July

**Estimated first year tuition:** AS4,560

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

1. A recognised Bachelor degree (or equivalent qualification) with a credit average, as determined by UNSW Business School. Please consult the following website for further assessment criteria: business.unsw.edu.au

2. Suitable for graduates with limited or no exposure to previous accounting study.

**Prospectus:**

- Revenue Administration: suitable for graduates currently working in revenue authorities or related agencies (in particular in developing and transitional economies in the Pacific, Asia, and Eastern Europe).

- Taxation and Business Law

- Risk and Actuarial Studies

- Economics

**Program Description:**

- Revenue Administration: develops an advanced theoretical and practical knowledge in international taxation and its enforcement; focuses on the taxation of transfer pricing, international transactions, and global tax planning.

- Taxation and Business Law: equips students with advanced theoretical knowledge and skills in international taxation.

- Risk and Actuarial Studies: develops advanced knowledge and skills in actuarial and risk management.

**Area(s) of Specialisation:**

- Accounting
- Banking and Finance
- Economics
- Human Resource Management
- Information Systems

**Research Programs:**

- Accounting (1521)
- Banking and Finance (1561)
- Economics (1540)
- Information Systems (1523)
- Marketing (1550)
- Organisation and Management (1503)
- Risk and Actuarial Studies (1545)
- Strategy and Entrepreneurship (1532)
- Taxation and Business Law (1533)

**Recognition of Prior Learning:**

Up to 4 courses may be awarded based on prior studies.

Note: This program is suitable for graduates with limited or no exposure to previous accounting study.

**TAXATION**

**Master of Taxation** (2520)

**Program Duration:** 1 year

**Entry:** February and July

**Estimated first year tuition:** AS4,560

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

1. A recognised Bachelor degree (or equivalent qualification) with a credit average, as determined by UNSW Business School. Please consult the following website for further assessment criteria: business.unsw.edu.au/pg

2. A four-year Bachelor degree with first or upper second class honours from an Australian university or equivalent academic qualification.

3. A completed Master by Research degree, OR

4. Equivalent academic qualification(s) approved by the appropriate Faculty higher degree committee.

Applicants must complete an expression of interest to the School before applying.

**Prospectus:**

- The program also offers you the option to specialise in one of the following areas:

  - International Taxation: develops an advanced theoretical and practical knowledge in international taxation and its enforcement.

  - Taxation and Business Law: equips students with advanced theoretical knowledge and skills in international taxation.

  - Risk and Actuarial Studies: develops advanced knowledge and skills in actuarial and risk management.

**Area(s) of Specialisation:**

- Accounting
- Banking and Finance
- Economics
- Human Resource Management
- Information Systems

**Research Programs:**

- Accounting (1521)

- Taxation and Business Law (1533)

**Recognition of Prior Learning:**

Up to 4 courses may be awarded based on prior studies.

Note: This program is suitable for graduates with limited or no exposure to previous accounting study.

**INTERNATIONAL BUSINESS**

**Master of International Business** (8371)

**Program Duration:** 2 years

**Entry:** February and July

**Estimated first year tuition:** AS4,560

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

1. A recognised Bachelor degree (or equivalent qualification) with a credit average, as determined by UNSW Business School.

2. A recognised non-business related Bachelor degree (or equivalent qualification) with a credit average, as determined by UNSW Business School, plus a minimum of two years full-time professional work experience.

3. A recognised Bachelor degree (or equivalent qualification) in information systems, information technology or computer science with a credit average (85% or higher) and a minimum of two years full-time relevant professional experience after completion of the degree. Please consult the following website for further assessment criteria: business.unsw.edu.au/pg

**Area(s) of Specialisation:**

- International Business
- Marketing
- Information Systems
- Organisation and Management
- Risk and Actuarial Studies
- Strategy and Entrepreneurship
- Taxation
- Business Law

**Recognition of Prior Learning:**

Up to 4 courses may be awarded based on prior studies.

Note: There is opportunity for high performing students to study a research training path involving accounting research methodology and project report.

**RESEARCH**

I chose an UNSW Engineering program because it aligned with my career goals and interests. My program was taught by staff and guest lecturers with extensive experience in the engineering industry – it was a great opportunity to learn from experts in the field. I particularly enjoyed the industry professionals and keynote speakers who addressed emerging trends in engineering science.

Tarun Muthanna
Master of Engineering Science
BIOMEDICAL ENGINEERING

Master of Biomedical Engineering (6663)

Program Duration: 1.5 years
Entry: February and July
Estimated first year tuition: A$38,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised four-year Bachelor degree in engineering, science or medicine, with an average grade of 65%.

NOTE: The minimum average required for entry is as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Biomedical Engineering (5449)

Program Duration: 1 year
Entry: February and July
Estimated first year tuition: A$38,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised three-year Bachelor degree in a related discipline.

ENGINEERING

Master of Engineering (6621)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$38,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

This two year program is designed for those wanting to enter the engineering profession or for practicing engineers who wish to expand their knowledge and skills in engineering management, acquire an in-depth knowledge of a particular specialisation, or gain technical expertise. The five specialisations are professionally accredited (or awaiting accreditation) by Engineers Australia.

Entry requirements
Entry is open to students with a four year non-accredited (under the Washington Accord) Bachelor of Engineering degree or equivalent in a related discipline with a minimum 65% average (70% for Electrical Engineering and Telecommunications). (Applicants who hold a three year Engineering Science degree at least equivalent to the first three years of a related Engineering degree accredited under the Washington Accord may be considered also.)

Specialisations
- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Telecommunications

Graduate Certificate in Biomedical Engineering (7329)

Entry requirements
Recognised four year degree in a relevant discipline of engineering or a three or four year engineering or science degree plus relevant professional experience.

Specialisations
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering

Graduate Diploma in Engineering Science (6341)

Entry requirements
Recognised four year degree in a relevant discipline of engineering or a three or four year engineering or science degree plus relevant professional experience.

Specialisations
- Geospatial Engineering
- Geotechnical Engineering & Engineering Geology
- Manufacturing Engineering & Management
- Mechanical Engineering
- Petroleum Engineering
- Photovoltaics & Solar Energy
- Project Management
- Renewable Energy Engineering
- Structural Engineering
- Telecommunications
- Transportation Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

Students must complete 480 UOC of courses to be eligible for the degree.

FOOD SCIENCE

Master of Food Science (8037)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$38,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Students must hold either a Bachelor degree in Food Science with a minimum 65% average as determined by the UNSW Postgraduate Entry Score Calculator, or a Graduate Diploma in Food Science from UNSW, or an equivalent qualification from another recognised university or tertiary institution.

NOTE: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Specialisations
- Food Process Engineering
- Manufacturing Engineering & Management
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Photovoltaics & Solar Energy
- Project Management
- Renewable Energy Engineering
- Safety Systems Engineering
- Structural Engineering
- Sustainable Systems
- Systems & Control
- Telecommunications
- Transportation Engineering
- Water Resources: catchments to coasts
- Water, Wastewater & Waste Engineering
MINING ENGINEERING

Master of Mining Engineering (8335)

Program Duration: 1.5 years
Entry: February
Estimated first year tuition: A$38,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised four-year Bachelor degree in Mining Engineering or a related engineering or physical sciences discipline from a recognised institution, or a three-year degree plus a minimum of one year relevant industry experience. At least an average 65% and no course fails.

Specialisations
• Mine Geomechanics
• Mine Management

Graduate Diploma of Mining Engineering (5335)

Program Duration: 1 year
Entry: February and July
Estimated first year tuition: A$38,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised four-year degree in Mining Engineering or a related engineering or physical sciences discipline from a recognised institution, or a three-year degree plus a minimum of one year relevant industry experience. At least an average 65% and no course fails.

Specialisations
• Mine Geomechanics
• Mine Management

INFORMATION TECHNOLOGY

Master of Information Technology (5543)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$36,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

We are ranked 35th in the world for Computer Science and Information Systems / QS World University Rankings by Subject 2016

Entry requirements
A recognised three-year Bachelor degree in a discipline that includes mathematics up to at least year two level (preferably in Science or Engineering), and a high credit average overall; or completion of the Graduate Certificate in Computing, subject to no fails.

Specialisations
Up to six specialisations can be selected from the following areas with a completion of minimum of three courses required to satisfy the major. Course levels are indicated in brackets.
• Artificial intelligence (postgraduate)
• Information Technology (postgraduate)
• Database Systems (postgraduate)
• Geospatial (postgraduate)
• Internetworking (postgraduate)
• Data Science and Engineering (postgraduate)

Graduate Certificate in Computing (7543)

Program Duration: 6 months
Entry: February and July
Estimated first year tuition: A$19,440
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised three-year Bachelor degree or a minimum of three years of work experience in an appropriate area of engineering or science.

Graduate Diploma in Information Technology (5543)

Program Duration: 1.5 years
Entry: February and July
Estimated first year tuition: A$36,880
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised three-year Bachelor degree in a discipline that includes mathematics up to at least year two level (preferably in Science or Engineering), and a high credit average overall; or completion of the Graduate Certificate in Computing, subject to no fails.

RESEARCH PROGRAMS

Master of Engineering by Research

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$40,080
Minimum IELTS requirements: 6.0 Overall, 6.0 in each band

Entry requirements
Recognised four-year Bachelor degree with honours that includes a substantial research component, or the equivalent.

Specialisations
• Biomedical Engineering
• Chemical Engineering
• Civil and Environmental Engineering
• Electrical Engineering
• Mechanical and Manufacturing Engineering
• Mining Engineering
• Petroleum Engineering

Master of Science by Research

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$40,080
Minimum IELTS requirements: 6.0 Overall, 6.0 in each band

Entry requirements
Recognised four-year Bachelor degree with honours that includes a substantial research component, or the equivalent.

Specialisations
• Biomedical Engineering
• Chemical Engineering
• Civil and Environmental Engineering
• Electrical Engineering
• Mechanical and Manufacturing Engineering
• Mining Engineering
• Petroleum Engineering

Doctor of Philosophy

Program Duration: 4 years
Entry: February and July
Estimated first year tuition: A$40,080
Minimum IELTS requirements: 6.0 Overall, 6.0 in each band

Entry requirements
Recognised Master degree (with a substantial research component), or a recognised four-year Bachelor degree (with a substantial research component) with first or upper second class honours.

Specialisations
• Biomedical Engineering
• Chemical Engineering
• Computer Science and Engineering
• Electrical Engineering
• Food Science and Technology
• Mechanical and Manufacturing Engineering
• Mining Engineering
• Petroleum Engineering
• Photovoltaic Engineering
• Surveying and Spatial Information Systems

13th in the World
The QS World University Rankings by Subject 2016 placed UNSW Law at 13th in the world.

Research Excellence
UNSW Law received a top rating of five ‘well above world standard’ in the 2015 Excellence in Research for Australia (ERA) analysis.

Justice for all
UNSW Law’s commitment to justice for all is demonstrated through the Law School’s association with a range of legal research, advocacy and education centres. These centres play a central role in the education of students through internships and clinical legal education.

"I found the Master of Laws (LLM) program comprehensive, highly practical and geared to the needs of international LLM students, including those from a civil law background. The quality of lectures, structure of classes, library facilities and support from the university created a genuine learning environment."

Roman Huber
Master of Laws

UNSW Law is one of the world’s top ranking Law Schools and Australia’s leader in progressive and rigorous legal education and research.

The pre-eminence of our teaching, research excellence and the outstanding support we provide students at every level are the characteristics that continue to attract the most talented teachers, researchers and students from Australia and internationally.

Top 50 medical school

We are one of the world’s top 50 medical schools. (QS World University Rankings by Subject 2016)

World-class biomedical research precinct

The newly-opened Wallace Wurth building, together with the Lowy Cancer Research Centre and Biological Sciences Building form a world-class biomedical research precinct.

World leader in medical research

We are a world leader in medical research, particularly in the fields of Indigenous health, cancer, neuroscience, mental health, cardiovascular disease, healthcare innovation and immunology HIV.

UNSW Medicine is a pioneer of medical research and innovation, committed to turning discoveries into cures.

Telma De Oliveira

Master of International Public Health

'I chose to study in Australia because of UNSW. My teachers were excellent with lots of international experience.'
FORENSIC MENTAL HEALTH

Master of Forensic Mental Health (8912)

Program Duration: 2 years part-time by distance learning
Entry: February and July (February commencement recommended)
Estimated first year tuition: A$39,340
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Graduate Diploma in Forensic Mental Health (8912)

Program Duration: 1.5 years part-time by distance learning
Entry: February and July (February commencement recommended)
Estimated first year tuition: A$29,340
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

HEALTH MANAGEMENT

Master of Health Management* (8901)

Program Duration: 1 year full-time or 2 years part-time by distance learning
Entry: February and July
Estimated first year tuition: A$41,280
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Graduate Diploma in Health Management* (7369)

Program Duration: 1 year part-time by distance learning
Entry: February and July by distance learning
Estimated first year tuition: A$19,560
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Graduate Certificate in Health Management (7369)

Program Duration: 6 months full-time or 1 year part-time by distance learning
Entry: February and July
Estimated first year tuition: A$32,640
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Master of Health Management/International Public Health (Extension)* (8905)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$41,280
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Master of Health Management (Extension) / International Public Health* (8908)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$41,280
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

INFECTION DISEASES INTELLIGENCE

Master of Infectious Diseases Intelligence* (8362)

Program Duration: 1 year full-time or 2 years part-time by distance learning
Entry: February and July
Estimated first year tuition: A$41,280
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Graduate Diploma in Infectious Diseases Intelligence* (8362)

Program Duration: 1 year full-time or 2 years part-time by distance learning
Entry: February and July
Estimated first year tuition: A$32,640
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Graduate Certificate in Infectious Diseases Intelligence* (7362)

Program Duration: 1 year part-time by distance learning
Entry: February and July
Estimated first year tuition: A$32,640
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

* For all Postgraduate coursework in Public Health and Community Medicine, a separate form needs to be completed upon application.

This form is a supporting document required in addition to submitting your UNSW postgraduate coursework application. Please download the form here: http://international.unsw.edu.au/international.unsw.edu.au
INTERNATIONAL PUBLIC HEALTH

Master of International Public Health* (9049)
Program Duration: 1 year full-time or 2 years part-time by distance learning
Entry: February and July
Estimated first year tuition: $A41,280
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An undergraduate degree in a health-related or public health-related discipline and:
- Honours or postgraduate qualification in a health-related or public health-related discipline, or
- Substantial professional experience acquired as part of a health-related degree of 4 or more years duration, DR

Graduate Certificate in International Public Health* (7367)
Program Duration: 6 months full-time or 1 year part-time by distance
Entry: February
Estimated first year tuition: $A30,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An undergraduate degree in a health-related or public health-related discipline and:
- Honours or postgraduate qualification in a health-related or public health-related discipline, or
- Substantial professional experience acquired as part of a health-related degree of 4 or more years duration, or
- Two years full-time professional experience in a health-related or public health-related discipline, including as a volunteer in a health and public health organisation.

Pharmaceutical Medicine

Master of Pharmaceutical Medicine (9028)
Program Duration: 3 years part-time by distance
Entry: February
Estimated first year tuition: $A32,640
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A 3-year undergraduate degree in a cognate discipline plus relevant industry experience or a 4-year undergraduate degree or higher qualifications in a cognate discipline. Those who do not have a degree or graduate qualifications in a cognate discipline may be admitted to the Graduate Certificate and, upon successful completion of this program, may apply to upgrade to the Graduate Diploma and then, if they wish, to the Master degree.

Graduate Diploma in Pharmaceutical Medicine (5507)
Program Duration: 2 years part-time by distance
Entry: February
Estimated first year tuition: $A32,640
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An undergraduate degree in a health-related or public health-related discipline and:
- Honours or postgraduate qualification in a health-related or public health-related discipline, or
- Substantial professional experience acquired as part of a health-related degree of 4 or more years duration, or
- Two years full-time professional experience in a health-related or public health-related discipline, including as a volunteer in a health and public health organisation.

Graduate Certificate in Pharmaceutical Medicine (7370)
Program Duration: 1 year part-time by distance
Entry: February
Estimated first year tuition: $A32,640
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Potential students who do not have a degree but have relevant experience in the pharmaceutical industry may be admitted.

Potential students who do not have a degree but have relevant experience in the pharmaceutical industry may be admitted.

Graduate Certificate in Public Health* (9045)
Program Duration: 6 months full-time (semester 1 commencement only) or 1 year part-time by distance
Entry: February and July
Estimated first year tuition: $A30,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An undergraduate degree in a health-related or public health-related discipline and:
- Honours or postgraduate qualification in a health-related or public health-related discipline, or
- Substantial professional experience acquired as part of a health-related degree of 4 or more years duration.

Graduate Certificate in Pharmaceutical Medicine (7367)
Program Duration: 6 months full-time (semester 1 commencement only) or 1 year part-time by distance
Entry: February and July
Estimated first year tuition: $A41,280
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An undergraduate degree in a health-related or public health-related discipline and:
- Honours or postgraduate qualification in a health-related or public health-related discipline, or
- Substantial professional experience acquired as part of a health-related degree of 4 or more years duration.

Professional recognition
The Pharmaceutical Medicine program is supported strongly in Australia by peak industry organisations and internationally by the Drug Information Association.

**For all Postgraduate coursework in Public Health and Community Medicine, a separate form needs to be completed upon application. This form is a supporting document required in addition to submitting your UNSW postgraduate coursework application. Please download the form here: sphcm.med.unsw.edu.au/sites/default/files/sphcm/Future_Students/SPHCM_PGCoursework_Application_Cover_Intl.pdf

We are ranked 46th in the world for Medicine

Professional recognition

The reproductive medicine postgraduate programs are not produced in collaboration with RAHCCG or RCOG. However the course content is recognised by both these bodies as being applicable to those wishing to register for CREI or some specialised training in reproductive medicine. The UNSW Master degrees are widely recognised throughout the world as a high quality credential of attainment at postgraduate level. Certification of completion of training for this program will assist trainees in the application for further professional training in the area.

For all Postgraduate coursework in Public Health and Community Medicine, a separate form is required to be completed on application. This form is a supporting document required in addition to submitting your UNSW postgraduate coursework application. Please download the form here: international.unsw.edu.au/DESK/Academic/PostGrad/Courses/International/ContinuingEducation/ContinuingEducationFees/ContinuingEducationFees.pdf

UNSW Science is where the brightest minds converge to learn, explore and discover.

Our welcoming and vibrant community prepares you for real world challenges and future leadership opportunities.

We are well connected to the changing world of business and, together with our high profile industry partners, we will inspire you to achieve your goals and enjoy a fulfilling career.

**Top rankings in Science**

Your fellow students will be bright and inquisitive high achievers attracted by the high ranking of our scientific research schools. Our school rankings include 16 for Psychology and 33 for Material Science in the QS World Rankings 2015.

**World-class facilities**

The state-of-the-art Material Sciences Building, the soon-to-be finished Biological Sciences Building and the launch of the $100 million Torch Innovation Precinct at UNSW are all part of our commitment to being a world class research and teaching hub with strong connections to industry.

**Research and teaching excellence**

We offer excellence and innovation in teaching and our staff, who are award-winning research leaders in their respective fields, will help you achieve your goals. Our award-winning academics include Professor Michelle Simmons and Professor Veena Sahajwalla.

A Bachelor of Science at UNSW has equipped me with the scientific knowledge to launch a biotechnology start-up based in Singapore. I use biotechnology to improve scientific testing processes and standards by making them simpler and more ethical. If you believe you have come up with a technology for the greater good or it can advance humanity in general, I think you should give it a shot.

AVIATION

Master of Aviation Management (8741)

Program Duration: 1 to 2 years by distance only (part-time mode is also available)
Entry: February and July
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

BIOTECHNOLOGY AND BIOMOLECULAR SCIENCES

Graduate Diploma in Aviation Management (8741)

Program Duration: 6 months to 1 year by distance only (part-time mode is also available)
Entry: February and July
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

FINANCIAL MATHEMATICS

Master of Financial Mathematics (8161)

Program Duration: 1.5 years
Entry: February and July
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
• A recognised three or four-year mathematics or statistics program within a science and/or mathematics Bachelor degree, or a degree in a related discipline.

Entry requirements
• A recognised three or four-year mathematics or statistics program within a science and/or mathematics Bachelor degree, or a degree in a related discipline.

A recognised three or four-year mathematics or statistics program in a science and/or mathematics Bachelor degree, or a degree in a related discipline.

MATERIALS TECHNOLOGY

Master of Materials Technology (8717)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
• A Bachelor degree with a minimum weighted average mark (WAM) of 60 or the equivalent.

Entry requirements
• A Graduate Certificate or Graduate Diploma in a Materials Science with a WAM (greater than 60).

Entry requirements
A Bachelor degree with a minimum weighted average mark (WAM) of 60 or the equivalent.

Entry requirements
A Graduate Certificate or Graduate Diploma in a Materials Science with a WAM (greater than 60).

MATERIALS TECHNOLOGY

Master of Materials Technology (8717)

Program Duration: 1.5 years
Entry: February and July
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
• A recognised three or four-year mathematics or statistics program in a science and/or mathematics Bachelor degree, or a degree in a related discipline.

Entry requirements
A recognised three or four-year mathematics or statistics program in a science and/or mathematics Bachelor degree, or a degree in a related discipline.

Entry requirements
A recognised three or four-year mathematics or statistics program in a science and/or mathematics Bachelor degree, or a degree in a related discipline.

OPTOMETRY AND VISION SCIENCE

Master of Optometry (8073)

Program Duration: 1.5 years
Entry: February and July
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

Entry requirements
A recognised three-year Bachelor degree in optometry with an average of 63 or above.

PHYSICS

Graduate Diploma (Research) (8364)

Program Duration: 1 year
Entry: February, July (Entry is dependent on the availability of a suitable academic supervisor)
Estimated first year tuition: A$36,390
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Applicants should have completed a three year full-time equivalent Bachelor of Science, with a major in Physics, with a minimum WAM in the range 55-64. Students with a major in a closely related area, e.g. Astrophysics, may also be eligible for admission. It is essential that applicants identify an appropriate academic supervisor and obtain their agreement prior to submitting an application for this Graduate Diploma (Research) program. Research projects are available in all areas of the School of Physics at UNSW. Further information on research projects offered in the School, some of which are suitable for Graduate Diploma students, can be found at physics.unsw.edu.au.
**PSYCHOLOGY**

**Master of Psychology (Clinical)** (8256)

- **Program Duration:** 2 years
- **Entry:** February
- **Estimated first tuition:** A$38,160
- **Minimum IELTS requirements:** 7.0 Overall, 7.0 in each band

**Entry requirements**

An accredited four-year Bachelor degree in psychology (with First Class Honours) from an Australian university or tertiary institution usually at Honours level. OR Recognised Bachelor degree with Honours that includes a substantial research component written up as an Honours thesis as a major component.

**Professional recognition**

The Master of Psychology (Clinical) is accredited by the Australian Psychological Society (APS) AND contains a significant individual research thesis component.

**Program Duration:** 2 years

**Entry:** February
**Estimated first tuition:** A$38,160
**Minimum IELTS requirements:** 7.0 Overall, 7.0 in each band

**Entry requirements**

An accredited four-year Bachelor degree in psychology (with First Class Honours) from an Australian university or tertiary institution usually at Honours level. OR Recognised Bachelor degree with Honours that includes a substantial research component written up as an Honours thesis as a major component.

**Professional recognition**

The Master of Psychology (Forensic) is accredited by the Australian Psychological Society (APS) AND contains a significant individual research thesis component.

**RESEARCH PROGRAMS**

**Master of Science (MS)**

**Program Duration:** 1.5 – 2 years

**Entry:** February and July
**Estimated first tuition:** A$38,160
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

Recognised Bachelor degree in the relevant discipline with at least 21/1 or equivalent (for example at UNSW, this is graded at distinction level or 75%+), OR; Recognised 4-year Bachelor degree with Honours that includes a substantial research component written up as an Honours thesis as a major component.

  - Psychology (1400)
- **Statistics**
  - Statistics (1420)
Our graduates shape Australia, the region and the international community as leaders in defence, government, and industry. We are regarded as a premier education provider excelling in teaching and research in all our disciplines.

With excellent facilities, we offer a supportive and stimulating environment for postgraduate research students from around 35 different countries.

**World-class facilities**

UNSW Canberra offers a supportive and stimulating environment with state-of-the-art facilities and one of the best teacher-to-student ratios in Australia.

**We’re the best city in the world to live in**

We’ve thought so for a long time, but now it’s official. The OECD rated Canberra the best city in the world for wellbeing in 2014 and 2015, meaning our residents have the highest quality of life across income, jobs, health, access to services, environment, education, safety, civic engagement and housing.

"Thanks to my multi-disciplinary research background at UNSW Canberra and the funding provided by the University to attend overseas conferences, I was able to obtain a postdoctoral research position at the University of Oxford after I completed my PhD."

Priyanka Dhopade
PhD in Aerospace Engineering

**Career outcomes**

ARTS

Master of Arts (Specialisation) (8175)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Arts enables students to specialise in Military History, Strategy and Security, or Strategy and Management.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8175

BUSINESS

Master of Business (8398)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Business is designed to provide students with advanced understanding of the concepts and principles that underpin effective management, business decision-making and leadership.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8398

CAPABILITY MANAGEMENT

Master of Capability Management (8399)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Capability Management is designed for postgraduate scholars and professional managers with appropriate undergraduate qualifications in management or a related discipline and/or extensive relevant professional experience who wish to gain a more detailed understanding of the managerial and technical skills and expertise relevant to planning and acquisition of complex technology and systems.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8399

CYBER SECURITY

Master of Cyber Security Operations (8829)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Cyber Security Operations is designed for postgraduate scholars and professional managers with appropriate undergraduate qualifications in management or a related discipline and/or extensive relevant professional experience who wish to gain a more detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8829

Master of Cyber Security, Strategy and Diplomacy (8831)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Cyber Security, Strategy and Diplomacy is a postgraduate award offered by the School of Humanities and Social Sciences. It is designed for postgraduate scholars and professional managers with appropriate undergraduate qualifications and/or professional experience in the Social Sciences, Humanities or Information Sciences.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8831

ENGINEERING SCIENCE

Master of Engineering Science (8599)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Engineering Science enables students with appropriate undergraduate qualifications to undertake more advanced study in engineering and possibly to specialise in the following streams: C4ISREW, Data Communications and Analysis, Electrical Engineering.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8599

INFORMATION TECHNOLOGY

Master of Information Technology (Specialisation) (8360)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Information Technology (MIT) is designed for postgraduate scholars who wish to develop an enhanced understanding of the principles that shape information technology and information systems. Students study the principles of IT governance, operation and management through concept, design, development and application phases.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8360

LOGISTICS MANAGEMENT

Master of Logistics Management (8564)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Logistics Management is designed for logistics managers working in the private, public and Defence sector who wish to gain a thorough understanding of logistics concepts and techniques. The program will enable students to learn advanced logistics planning strategies, to design and implement logistics lifecycle management, inventory management, contingency forecasting, distribution, and reverse logistics.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8564

PROJECT MANAGEMENT

Master of Project Management (8895)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Project Management is designed for postgraduate scholars with appropriate undergraduate qualifications in a relevant discipline and/or extensive professional experience who wish to develop a high level understanding of the principles and practices of project management and to strengthen their skills in this area.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8895

SPACE

Master of Space Engineering (8822)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Space Engineering is designed for postgraduate scholars with appropriate undergraduate qualifications in a relevant engineering discipline and/or extensive professional experience who wish to gain a high level understanding of the principles and practices of engineering related to space systems and to strengthen their skills in this area.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8822

Master of Space Operations (8824)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Space Operations is designed for postgraduate scholars and professional managers with appropriate undergraduate qualifications in management or a related discipline and/or extensive relevant professional experience who wish to gain a more detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of space systems.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/8824

STRATEGIC PEOPLE MANAGEMENT

Master of Strategic People Management (8863)

Program Duration: 1 year by distance (full-time equivalent)
Entry: February and July
Estimated first year tuition: A$32,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Strategic People Management (MStratPMgt) is designed to develop middle managers, particularly in the area of people management. Middle managers are recognized as a key element of organizational change, but despite this the majority of courses offered by universities do not focus on the specific people challenges of middle managers. The program is designed for postgraduate scholars and professional managers with appropriate undergraduate qualifications in management or a related discipline and/or extensive relevant professional experience who wish to gain a more advanced understanding of the concepts and principles that underpin strategic people management and effective leadership. The program includes optional research project courses, which enable students to produce a substantial piece of research-based scholarship during their degree.

RESEARCH PROGRAMS

Master of Arts by Research (2496)

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Master degree (including a substantial research component) with first or upper second class honours.

Master of Engineering by Research

Program Duration: 2 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Bachelor degree with Honours.

Master of Philosophy

Program Duration: 1.5 – 2 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Bachelor degree in a related area from UNSW at a level specified by the Faculty or School, or equivalent qualification from a recognised university or tertiary institution.

Master of Science by Research

Program Duration: 3 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Bachelor degree (including a substantial research component) or a recognised four-year Bachelor degree (with a substantial research component) with first or upper second class honours.

SUSTAINMENT MANAGEMENT

Master of Sustainment Management (1686)

Program Duration: 1 year
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Sustainment Management is designed for postgraduate scholars and professional managers with appropriate undergraduate qualifications and/or extensive relevant professional experience who wish to gain a more detailed understanding of the managerial and technical skills and expertise relevant to planning and acquisition of complex technology and systems.

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/1686.html

SYSTEMS ENGINEERING

Master of Systems Engineering (1687)

Program Duration: 1 year
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The MSysEng is designed for postgraduate scholars with an undergraduate qualification and/or extensive professional experience who wish to develop a high level understanding of the principles and practices of systems engineering and to strengthen their skills in this area. In addition to the stand-alone MSysEng degree award, the following specialisations are also available in this program:

- Electronic Warfare
- Networking
- Space Systems
- Test and Evaluation
- Weapons and Defence
- Marine Engineering
- Simulation and Reliability Engineering

For more information, visit handbook.unsw.edu.au/postgraduate/programs/current/1687.html

Doctor of Information Technology (1743)

Program Duration: 3 – 4 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Master degree including a substantial research component, or a recognised four-year Bachelor degree (with a substantial research component) with first or upper second class honours.

Doctor of Project Management (1749)

Program Duration: 3 – 4 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Bachelor degree (with a substantial research component) or a recognised four-year Bachelor degree (with a substantial research component) with first or upper second class honours.

Doctor of System Engineering (1741)

Program Duration: 3 – 4 years
Entry: February and July
Estimated first year tuition: AU$3,960
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Recognised Master degree including a substantial research component, or a recognised four-year Bachelor degree (with a substantial research component) with first or upper second class honours.

Postgraduate coursework - how to apply

1. Choose your program
Go to international.unsw.edu.au or note down the program code in this guide.

2. Check your entry requirements
You need to satisfy your chosen program’s entry requirements (see page 27-82). You also need to satisfy UNSW’s English language requirements (unsw.edu.au/elp).

3. Submit your application online
Submit your application at UNSW Apply Online (apply.unsw.edu.au). Click ‘Register now’ and fill out your details. Upload your supporting documents and pay your application fee.

4. Track your application
Once you have submitted your application you will be emailed a confirmation receipt with your UNSW Student ID number and details of any additional documents that we need. We will also send you the information you need to track the progress of your application.
If you are a recognised UNSW agent you will need login details and permission from your applicant to access their account.
Once you have provided all of the necessary documentation, it should take 2-3 weeks for UNSW to assess your application.

5. We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer if everything is fine or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated representative will also receive a copy of the email.

6. Accept your offer
If you received a full offer, you can accept it at gettingstarted.unsw.edu.au. Pay your deposit and you will receive an electronic confirmation of enrolment (ECOE).

7. Enrol online
You can then enrol in your degree and courses online at myUNSW (http://my.unsw.edu.au).

Need help?
If you have any questions regarding your application, go to enquiry.unsw.edu.au.

Other ways to apply
You can also apply to UNSW at a conference or event where we are present, or through a UNSW agent located in your country. Head to international.unsw.edu.au to find out more.

W: enquiry.unsw.edu.au
**Postgraduate research - how to apply**
You can apply for a research degree and a scholarship within the same application.

1. **Find a research area**
   You need to match your area of interest to one of our faculties and satisfy minimum eligibility requirements for your proposed postgraduate research program. Visit research.unsw.edu.au for more.

2. **Find a supervisor and develop a research description**
   Most faculties require researchers to secure an agreement for supervision prior to the submission of a formal application. The description of your proposed research should be around one page in length.

3. **Prepare your documentation**
   All documents must be in English or include a certified English translation. Scanned copies are sufficient. Check with your faculty or school for specific requirements.

4. **Submit your application**
   Submit your application and supporting documentation at UNSW Apply Online (apply.unsw.edu.au). Click ‘Register now’ and fill out your details. You will receive an ID and password to log in. After logging in, go to ‘My Applications’ and follow the directions. Please submit only one application. You can apply for scholarships within your application.

5. **Track your application**
   After submitting your application, you will be emailed a confirmation receipt with your UNSW Student ID and a list of any outstanding documentation. You can track the progress of your admission application through myUNSW (http://my.unsw.edu.au). Applications for admission take around 6-8 weeks to process. Scholarship offer release dates can be found at research.unsw.edu.au/key-dates

6. **We will send you an offer**
   We will send you a full offer if you meet eligibility requirements or a conditional offer if more steps are required.

7. **Accept your offer and enrol online**
   If you receive a full offer, accept it through myUNSW (http://my.unsw.edu.au), or by completing the reply forms attached to your offer letter. You then need to enrol for the start of the semester. Please note, you are not able to do this online. You will be emailed information about the enrolment procedure.

---

**Research scholarships**
A wide range of scholarships are on offer for international students.

**Our scholarships**
UNSW offers a wide range of prestigious scholarships. The scholarships provide a range of benefits such as annual stipends, living allowances and coverage of tuition fee costs, as well as funding and supplements for travel.

**Eligibility**
Scholarships are only available to applicants who hold a four year bachelor degree with Honours Class 1 from an Australian institution, or an equivalent research qualification/experience. This qualification must be in a field relevant to your area of research.

**Apply**
You can apply for a scholarship within your research degree application.

**Available scholarships**
The UNSW scholarships available to international students are:

- **International Postgraduate Research Scholarship (IPRS)**
  Funding PhD or Masters by Research students across all disciplines, these scholarships cover tuition fees and health insurance for successful applicants and their dependants.

- **University International Postgraduate Award (UIPA)**
  Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or Master by Research with a tax exempt living allowance and it covers tuition fees.

- **Tuition Fee Scholarship (TFS) plus a Research Stipend**
  Available to students undertaking a PhD, Masters by Research or Master of Philosophy, these scholarships provide successful applicants with a living allowance stipend in addition to covering tuition fees.

- **UNSW and home country joint scholarships**
  Available to students from China, Indonesia, Pakistan and Chile.

Visit research.unsw.edu.au for more information.

**Key dates**
Please refer to research.unsw.edu.au/key-dates
Entry requirements

To gain entry to UNSW you’ll need to meet both the academic entry requirements and the English language requirements.

Academic entry requirements

To find out the academic entry requirements for your chosen degree, please refer to the relevant entry in this guide.

Alternatively, the UNSW Admissions Office can help you find out the specific academic entry requirements needed.

Contact UNSW Admissions

T: +61 2 9385 3656
W: enquiry.unsw.edu.au

UNSW Institute of Languages

Study with UNSW Institute of Languages to meet the English language entry requirements to start your UNSW degree.

UNSW Institute of Languages offers a comprehensive range of English language programs which cover academic English, general English and professional English.

Programs are developed and delivered by highly qualified and experienced teachers who are specialists in teaching English. They will help you achieve the language skills needed for your academic and career success.

Demand for programs is high, and we recommend that you apply at least three months before your intended start date for a UNSW Institute of Languages program.

languages.unsw.edu.au

Tertiary Orientation Program

If you already meet the English language entry requirements for UNSW but need to gain confidence or improve your English skills for an academic environment, you may want to take this intensive five-week course before starting your UNSW degree.

It will also give you the chance to settle into Sydney, familiarise yourself with the local accent and meet fellow students.

www.languages.unsw.edu.au/tertiaryorientationprogram

Application form

You can find an application form for UNSW Institute of Languages on page 94 of this guide.

UNSW Global

223 Anzac Parade, Kensington, Sydney NSW 2052 Australia

Fees are charged based on the year of commencement.

For example, if you start in Semester 2 (July) 2016, the fees for the first semester will be calculated at 2016 rates. Your second semester will be calculated at 2017 rates.

If you are required to complete a course again, you will be charged at the rate applicable to the year you re-take the course.

estimating your tuition fees

Estimating your tuition fees

Coursework program fees

A coursework Masters program will require 48 units of credit (UOC) per year. A Graduate Diploma will require 36 or 48 UOC per year, while a Graduate Certificate requires 18 or 24 UOC per semester. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Arts and Social Sciences rate, which is A$620 per UOC in 2016.

Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year or 24 UOC per semester.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit: student.unsw.edu.au/fees-policy

International student loans

If you are from Canada, Sweden, Norway, Denmark or UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application. For more information, visit: international.unsw.edu.au/financial-aid

Overseas student health cover

If you are in Australia on a student visa, you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the full duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

Living costs

Living costs vary depending on each student’s specific requirements. We estimate a single international student will need about A$20,000 per year to cover general living expenses. This doesn’t include the costs of large non-essential items like electrical equipment or a car.

In addition, you will need at least A$2,000 if you arrive in Sydney to cover initial expenses such as a rental bond payment, security deposit, electricity, gas and telephone connection fees and basic furniture and household items.

Overseas student health cover

If you are in Australia on a student visa, you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the full duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year or 24 UOC per semester.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit: student.unsw.edu.au/fees-policy

International student loans

If you are from Canada, Sweden, Norway, Denmark or UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application. For more information, visit: international.unsw.edu.au/financial-aid

Overseas student health cover

If you are in Australia on a student visa, you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the full duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.
Apply online data entry form

This form is to record your details at a recruitment event. Once completed, this form should be submitted to your agent within two weeks of the event. This is NOT an application form. Please do not send this form to UNSW. To apply, please go to apply.unsw.edu.au.

1. Personal Details
   - If you have applied to UNSW before, what is your student ID?
   - Family name:
   - First given name:
   - Second given name:
   - Date of birth (dd/mm/yy):
   - Gender: M/F
   - Country of residence:
   - Country of citizenship:
   - Are you an Australian permanent resident? YES/NO
   - If yes, provide your visa number:
   - Email address (compulsory):
   - Home phone number:
   - Daytime phone number:
   - Mobile phone number:
   - Making address (This is the address the University will send all correspondence to):

2. Visa Details
   - What visa type will you hold during your studies? (e.g. student visa)
   - If you require a student visa, in which country will you be applying for the visa?
   - Which Australian Immigration Office will you be applying for the student visa? (e.g. Australian Embassy Berlin)
   - If you currently have a passport, what is the passport number?
   - If you currently hold an Australian visa, what is the visa number (as it appears on your passport)? This information is required if you intend to submit your application for a student visa to a DIBP (Immigration) office in Australia.

3. Program Preferences – you may nominate up to three coursework program choices.
   - Preferred year of study: 2022
   - Preferred semester: Semester 1 (February)
   - Study mode: Full-time
   - Program name: e.g. Master of Commerce
   - Preference 1:
     - Program code: e.g. MCM
     - Specialisation: e.g. Finance
   - Preference 2:
     - Program code: e.g. MKT
     - Specialisation: e.g. Marketing
   - Preference 3:
     - Program code: e.g. ISM
     - Specialisation: e.g. Information Systems

4. Sponsorship
   - If you are being sponsored, you must submit documentary proof of your sponsorship agreement to UNSW. Defence funding for UNSW Canberra students does not need to be recorded below.
   - I will be sponsored: YES/NO
   - If yes, my sponsor details are: (organisation, country)

5. English Language Proficiency – for further details please visit, unsw.edu.au/elp
   - English is my first language: YES/NO
   - OR (as an exception, if your English studies have been undertaken in an English-speaking country):
     - OR the sole language of instruction and assessment in my degree or diploma (within the last 2 years) was English. Please note that these studies must have been for a minimum duration of one year full-time:
     - OR I have been or will have been a resident in one or more English-speaking countries for a period of at least five years immediately prior to the commencement of my program at UNSW:
     - OR I hold a certificate of English proficiency from an approved test (e.g. IELTS or TOEFL) undertaken within the last two years:

This is NOT an application form. Please DO NOT send this form to UNSW. To apply, please go to apply.unsw.edu.au.
5. English Language Proficiency – for further details please visit www.unsw.edu.au/elp
